TECHNICAL DATA SHEET

Raw material name: Baby Powder Fragrance Oil (UK) - powdery, fresh, delicate

Product description: Baby Powder Fragrance Oil is a fragrance composition with a distinctive, delicate and powdery character, inspired by the classic scent of baby powder and freshly bathed skin. It opens with a mild, clean freshness that gradually develops into soft, rounded powdery tones, creating a pleasant impression of cleanliness, warmth and tenderness. The fragrance is subtle, soothing and unobtrusive, with a long-lasting powdery finish. Its balanced composition blends particularly well with delicate floral notes, vanilla and light musky accords.

Fragrance profile:

- **Top notes:** delicate, clean and powdery freshness.
- **Middle notes:** soft, slightly sweet powdery tones reminiscent of baby-care products.
- **Base notes:** subtle warmth and a long-lasting, delicate powdery finish.

Directions for use: Baby Powder Fragrance Oil is intended for the manufacture of scented candles, wax melts, soaps, cosmetic skin- and hair-care products, room fresheners and other ambient-fragrance products. It is particularly suitable for creating delicate, clean and powdery fragrance compositions, including products inspired by the classic scents of baby cosmetics. Use in products intended for babies and young children requires a specific safety assessment and must not be assumed solely on the basis of the fragrance name.

Fragrance classification:

- **Fragrance family:** Powdery
- **Secondary character:** Fresh-Clean
- **Fragrance intensity:** mild to moderate
- **Fragrance character:** delicate, powdery, clean, warm and soothing
