Garden Flower Ornat Fragrance Oil

Product name: Garden Flower Ornat Fragrance Oil

Olfactory classification: Garden Flower Ornat Fragrance Oil belongs to the powdery woody, soft floral, and comforting gourmand fragrance family, characterized by a pronounced powdery, creamy-woody, and elegantly warm profile. The composition combines sesame notes, grain accords, geranium, and a creamy woody base, creating a sophisticated and distinctive fragrance inspired by the warmth of natural raw materials and the soft texture of luxurious perfumes.

Fragrance oil description: The composition is delicate, warm, and sophisticatedly powdery, with a pronounced sensation of softness and natural elegance. The fragrance has a medium intensity, very good diffusion, and a long-lasting creamy-woody trail.

The opening of the composition is based on sesame seed, which provides a distinctive nutty and slightly toasted warmth. This note creates a pleasant feeling of authenticity and natural softness, introducing the composition in a warm and sophisticated direction.

In the heart of the fragrance, a blend of grain accord, Egyptian geranium, and a powdery accord develops. The grain accord contributes soft warm cereal nuances and creamy fullness, while Egyptian geranium introduces elegant floral freshness with discreet spicy undertones. The powdery accord enhances the sensation of softness and silky texture, giving the composition a luxurious and sophisticated character.

The base structure is composed of sandalwood, white cedarwood, and a vanilla wood accord. Sandalwood and white cedarwood provide a warm, creamy woody foundation that stabilizes the composition and extends its trail, while the vanilla wood accord contributes rich sweet-woody depth and pleasant warmth.

The dominant accords of this composition include powdery wood, creamy grains, soft sesame, elegant floral spice, and warm vanilla wood profiles. The fragrance leaves a soft, sophisticated, and pleasantly warm trail, with a pronounced effect of luxurious powdery elegance and natural warmth.

TECHNICAL DATA SHEET

Application: Garden Flower Ornat Fragrance Oil is intended for use in scented candles, wax melts, and other naturally inspired fragranced formulations. Thanks to the Ornat collection and accompanying documentation, the fragrance may be used in formulations intended for COSMOS Natural and COSMOS Organic concepts.

Recommended concentrations generally range between 5–7%, depending on the type of base and the desired fragrance intensity. For wax-based formulations, stabilization testing is recommended in order to achieve optimal performance and fragrance diffusion.

For maximum permitted concentrations, please refer to the IFRA certificate. The fragrance demonstrates very good stability and a pronounced powdery-woody character.

Regulatory compliance: This fragrance oil is manufactured in accordance with European regulations (CLP EC No. 1907/2006 and 1223/2009/CEE) and French IFRA standards.
